Please read carefully the following description of your Unum Long Term Disability Insurance plan.

Your Plan

Eligibility

You are eligible for LTD coverage if you are an active full or part-time employee in the United States working a minimum of 16 hours per week averaged over a 4 week period.

Benefit Amount

Monthly LTD Benefit:

- 60% of your monthly earnings
- To a maximum of \$5000

The total benefit payable to you on a monthly basis (including all benefits provided under this plan) will not exceed 100% of your monthly earnings, unless the excess amount is payable as a Cost of Living Adjustment. However, if you are participating in Unum's Rehabilitation and Return to Work Assistance program, the total benefit payable to you on a monthly basis (including all benefits provided under this plan) will not exceed 110% of your monthly earnings (unless the excess amount is payable as a Cost of Living Adjustment).

Your disability benefit may be reduced by deductible sources of income and any earnings you have while disabled. Deductible sources of income may include such items as disability income or other amounts you receive or are entitled to receive under: workers compensation or similar occupational benefit laws; state compulsory benefit laws; automobile liability and no fault insurance; legal judgments and settlements; certain retirement plans; salary continuation or sick leave plans; other group or association disability programs or insurance; and amounts you or your family receive or are entitled to receive from Social Security or similar governmental programs.

Definition of Disability

You are disabled when Unum determines that:

- you are limited from performing the material and substantial duties of your regular occupation; and
- you have a 20% or more loss in indexed monthly earnings due to the same sickness or injury.
- After benefits have been paid for 60 months, you are disabled when Unum determines that due to the same sickness or injury, you are unable to perform the duties of any gainful occupation for which you are reasonably fitted by education, training or experience.

You must be under the regular care of a physician in order to be considered disabled.

Elimination Period

The Elimination Period is the length of time of continuous disability which

must be satisfied before you are eligible to receive benefits.

LTD benefits would begin after 90 days of disability, if you are disabled, as described in the definition above.

During your elimination period you will be considered disabled if you are limited from performing the material and substantial duties of your regular occupation due to your sickness or injury, and you are under the regular care of a physician. You are not required to have a 20% or more earnings loss to be considered disabled during the elimination period due to the same sickness or injury.

Benefit Duration

Your duration of benefits is based on your age when the disability occurs. Your LTD benefits are payable for the period during which you continue to meet the definition of disability. If your disability occurs before age 60, benefits will be payable until age 65. If your disability occurs at or after age 60, benefits would be paid according to a benefit duration schedule.

Gainful Occupation

Gainful occupation means an occupation that is or can be expected to provide you with an income at least equal to your gross disability payment within 12 months of your return to work.

Federal Income Taxation

You may wonder if your disability benefit amount will be taxed. It depends on how your premium — the price of your coverage — is paid.

If your premium is paid with:

- **Pre-Tax Dollars**,* your benefit amount **will** be taxed
- **Post-Tax Dollars**,** your benefit amount **will not** be taxed
- **Both Pre-Tax and Post-Tax Dollars**, a portion of your benefit amount will be taxed

The disability benefit amounts you receive will be reported annually on a W-2. It will show any taxable and non-taxable portions separately.

**Pre-Tax Dollars are dollars paid by your employer toward premium that are not reported as earnings on your annual W-2. They are also dollars you pay toward premium through a cafeteria plan.*

***Post-Tax Dollars are dollars paid through payroll deductions after taxes and withholdings have been subtracted from your earnings. They are also dollars paid by your employer toward premium that are reported as earnings on your annual W-2 and taxed accordingly.*

However, spouses traveling on business for their employer are not covered by this program.

Survivor Benefit

Unum will pay your eligible survivor a lump sum benefit equal to 3 months of your gross disability payment.

This benefit will be paid if, on the date of your death, your disability had continued for 180 or more consecutive days, and you were receiving or were entitled to receive payments under the plan. If you have no eligible survivors, payment will be made to your estate, unless there is none. In this case, no payment will be made. However, we will first apply the survivor benefit to any overpayment which may exist on your claim.

You may receive your survivor benefit prior to your death if you have been diagnosed as terminally ill, your life expectancy has been reduced to less than 12 months, and you are receiving monthly payments. If you elect to receive this benefit, no survivor benefit will be payable to your eligible survivor upon your death.
